

National Association for Safety and Health in Care Services

For Immediate Release

Regional Networkers March 2011

"Health and Safety" - don't struggle alone - we are offering to bring stakeholders and care providers together to focus on those key words.

NASHiCS, for the first time this year, extend a very warm invitation to join us at one of our Regional Networkers been held during March across England.

Sadly things still go wrong, accidents occur, residents die; this must never happen to you. So join others with responsibility for Health and Safety and come along to your nearest event. If you want advice, then ask others and feel free to chat over issues in a friendly stress free environment

We want to deliver on our mission "Striving to promote excellence of safety and health in care services" in a practical way and bring people together.

March, 8th Gateshead, 16th London, 24th Leicester, 29th Bournemouth.

Full details go to www.nashics.org

NASHiCS - to promote and improve health and safety within care services and to provide a forum for individuals and organisations involved in any aspect of health and safety to exchange and share information, experience and expertise.
